

Honolulu Bulls Soccer Club Fantasy Premier League(FPL)

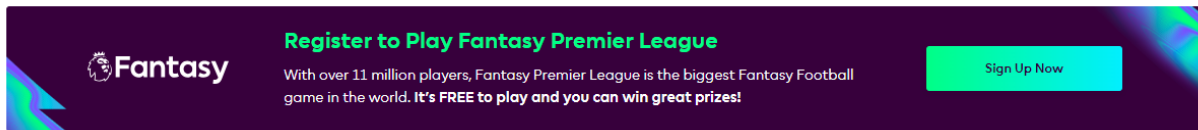

Bulls Soccer Club Ohana,

We are 2 weeks away from the return of the [Honolulu Bulls Soccer Club Fantasy Premier League \(FPL\)](#). Last year saw 50+ Bulls player, coaches & parents battle it out for 38 games weeks. It was a tight race with late season pushes from shrewd managers who were rewarded for their smart moves and planning. It came down to the last day and bench boost cards to see our President Justin Facciolo edge out fellow Board member Trevor Funk by 2 points. Many of our Bulls players and some of our Coaches had respectable finishes as they climbed the rankings after some growing pains.

This year's EPL Fantasy League [kicks off on August 16th](#). This year we will raise the stakes and add prizes for the top 3 finishers. [Hundreds of dollars in Soccer.com gift certificates](#) will go to the winners with the [Champion's name](#) being woven into the tapestry of Bulls history as their name is [etched into the Honolulu Bulls FPL trophy!](#) We hope this creates a lot of excitement and sees participation skyrocket! Please read the below information in its entirety. Honolulu Bulls Soccer Club FPL league has been created and is exclusive to Bulls players, families and coaches. [Your teams must be locked in by 730am on August 16th which is the Game Week 1 deadline.](#)

What is the Fantasy Premier League? If you've heard of NFL Fantasy it's a similar concept but played a bit differently. After selecting 15 players you'll need to select a starting lineup that will be scored for points during each game week. After all games are played your score will be totaled for the week. Each week you are allowed to make transfers. 1 transfer each week is free while additional transfers will cost you a points deduction from the total week's points. Your weekly scores will be added for a final points score at the end of the year. The Highest Score Wins the league. [Step 8 below provides a link to explain how points are tallied.](#) Be sure to read the rules within the website or app(<https://fantasy.premierleague.com/help/rules>). There have been some interesting rule changes this year like the increase in number of banked transfers from 2 to 5. An app is available for download on your smart phones. Enter "Premier League- Official App" in the app search. Within the app is the "fantasy" game centered on the bottom menu tab marked by a game jersey icon and the word "Fantasy" below it. See the below step-by-step instructions on how to sign up. FPL fantasy is a lot of fun. It's competitive, creates conversation among the players, teams and coaches, and it's a good incentive for the kids to watch and pay more attention to professional soccer. I hope this creates a lot of interest for the Club and we can all have a fun time with it.

You must stay within the budget so you'll need to balance premium high cost players and mid-priced/low-priced players. You are finished and can now play. As a reminder, while you can start playing FPL as soon as possible, the Honolulu Bulls Soccer Club FPL league will not start until Game Week 4 (GW4). Therefore, you have time to mess around and learn the rules and how

the game works. Be sure to reference the link provided in step 8 above. Do not share the League code with anyone outside of the club. We are still sorting out the details but there will be prizes for the winner or winners of this year's competition. Inviting non-Bulls players will increase your competition. This game is for BULLS players, families, and coaches only. Violators will be disqualified. Now let's have fun and get started. Put a reminder in for August 15, 2024. You need to have your team sorted 90min before the start of the Game Week 1 which is 730am on August 16. You are free to make as many changes to your teams until the deadline. Your team will be locked at 730am. Pay attention to mid week games. Again, set notifications up so that you get a text or email reminder. Good luck.
